My first LaTeX document

LI Lunlong*

July 2023

We have now added a title, author and date to our first LATEX document! The following is a figure produced in the study of this essay. It illustrates the optimization performance and control behaviors of MPC $ModelPredictiveControl$ and RBC $RuleBasedControl$.

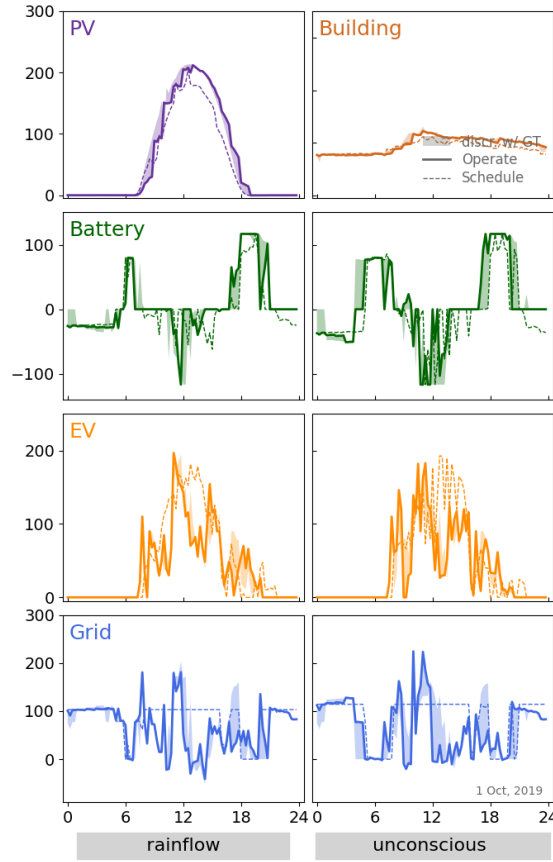

Figure 1: The control performance of MPC and RBC

The following paragraphs implement different text styles and rules:

- \textbf{text}: This command makes **bold text**.

- \textit{text}: This command applies *italics sytle*.

- \underline{text}: This command applies underline sytle.

- Cascading commands combine different styles: ***Bold+italics+underline***

- Another useful command is \emph{text}, which automaticly decides the text style depending on the context:
  The movie Dead Poets Society is widely spread by *"Carpe diem"*, a Latin adage means seize the day.
  The movie Dead Poets Society is widely spread by "Carpe diem", *a Latin adage means seize the day.*
  The movie Dead Poets Society is widely spread by *"Carpe diem"*, a Latin adage means seize the day.

---

*Supervised by Wang Zhe and JU Yi for this paper.

The movie Dead Poets Society is widely spread by *"Carpe diem"*, a Latin adage means seize the day.

The following part is a brief introduction to the principles and algorithms of XGBoost:

Some math expressions:

- $\hat{y}_i^{(T)} = \sum_{i=1}^{T} f_i(x_i)$
